SUMMARY

B.Tech Information Technology student (Class of 2028) with a strong foundation in Java, Python, SQL, and Data Structures & Algorithms, complemented by hands-on exposure to machine learning and data analytics. Skilled at translating algorithmic thinking into working, real-world applications. Seeking Software Development / IT internship opportunities to contribute to and grow within high-impact engineering teams.

EXPERIENCE

GeeksforGeeks

Kanpur, India

Campus Mantri (Campus Ambassador Program)

June 2026 – Present

- Represent GeeksforGeeks as a Campus Ambassador, driving awareness of coding culture, competitive programming, and placement-preparation resources across the university.
- Plan and coordinate technical events, workshops, and coding contests to strengthen peer engagement with Data Structures & Algorithms and interview readiness.
- Collaborate with the GeeksforGeeks community team to promote learning resources and mentor peers on DSA, programming fundamentals, and career preparation.
